Evelyn Nienhuis, *Oklahoma Foundation for Excellence*

John Strong Jr., *Strong Associates*

Peter Walter, *Walter and Associates*

Dear Friends and Supporters,

Since the beginning of the Community Food Bank of Eastern Oklahoma in 1981, our Board of Directors, volunteers, staff and 450 Partner Programs spread throughout the 24 counties of Eastern Oklahoma have worked tirelessly to provide food and other grocery necessities to feed and care for thousands of families whose income does not cover their basic needs.

Fiscal year 2010-2011 marked a milestone for the Community Food Bank of Eastern Oklahoma — 30 years of working to help feed hungry and food insecure families and individuals living in Eastern Oklahoma. We celebrated our past, rejuvenated ourselves and renewed our Vision of “Food Security, with Dignity, for all Eastern Oklahomans.”

Unlike anything we have come up against in our 30-year history, this year presented challenge after challenge. The unstable economy resulted in newly unemployed, underemployed and new jobs at less pay. Middle-class families needing help for the first time were seen at our emergency pantries and meal sites in record numbers. Some Partner Programs saw as much as a 100 percent increase in families seeking assistance. Across our service area the number rose by 40 percent. With rising fuel and food prices, many seniors and disabled persons on fixed incomes cut back on food to pay utility bills or buy medicine. Children have been the hardest hit with 26 percent of our state’s children living at risk of going to bed without having received the quantity and quality of nutritious food needed to learn and lead healthy, productive lives.

The issues are no different than in past years. The difference is the growing numbers. Shortly after the fiscal year was over, the USDA released a report that showed Oklahoma, tied with Arkansas, as the hungriest state in the nation.

There was one brand new challenge we had to face. Many of our Partner Programs in rural areas could no longer support themselves and were closing. Portions of counties where help was needed the most were left with little or no available emergency food. That challenge led to the development of our Mobile Pantry Program. Be sure and read about it within this annual report.

We know our many financial contributors, food and in-kind donors, along with our thousands of volunteers keep our vision tangibly alive. We are indeed fortunate and are most grateful for them all.

Working together we have accomplished much. We are ready to do even more in the future.

Sincerely,

A handwritten signature in black ink that reads "Sara J. Waggoner". The signature is written in a cursive, flowing style.

Sara J. Waggoner, Executive Director

Okmulgee's Food for Kids Backpack Program

## FOOD BANK DISTRIBUTION NUMBERS AT A GLANCE

For the Community Food Bank of Eastern Oklahoma, the 2010-11 fiscal year saw the largest distribution in its more than 30-year history.

- The Food Bank recorded a total distribution of more than 16.8 million pounds of food for the 12-month period ending June 30, 2011, a 25.3 percent increase from the previous fiscal year.
- Over 70,000 meals per week were distributed to 450 Partner Programs across its 24-county service area.
- An additional 10,000 meals were provided each week compared to the previous fiscal year, resulting in an additional 500,000 meals annually.
- The 450 Partner Programs reported a 25 to 50 percent increase in those seeking assistance, including a rise in those needing food assistance for the first time.

## THE FACES OF HUNGER

Several national reports show a shift in the faces of hunger including demographic groups not seen in recent history. The state of Oklahoma ended the fiscal year tied with Arkansas as the hungriest states in the nation, according the *USDA Household Food Security in the United States in 2010* Report. Just three years ago, Oklahoma was ranked the eighth hungriest state in the nation. Oklahoma also finished in the top 10 in food insecurity at sixth, tied with Ohio.

Feeding America released a *Map the Meal Gap* Report in September 2011 after completing a two-year study using state-level data from 2001-09. State-by-state and county-level statistics were mapped in overall food insecurity, childhood food insecurity rates, food budget shortfalls, the cost-of-food index and the average cost of a meal.

The study reports one in four children in Oklahoma struggle with hunger. More than 17 percent of our state-wide population is classified as food insecure, leaving over 618,000 Oklahoma residents and more than 240,000 Oklahoma children unsure where their next meal will come from.

According to the AARP Foundation's *August 2011 Food Insecurity Among Older Adults* Study, the senior population is experiencing a rapid increase in food insecurity. Across all categories of older adult age groups, food insecurity increased substantially after 2007. One in eight Oklahoma seniors are having to make choices between food and medicine.

## VOLUNTEER SUPPORT

The 2010-11 fiscal year brought the largest increase in volunteer support. A total of 10,216 volunteers recorded a combined 46,042 hours, helping in the sorting and repackaging of donated food, working in the culinary center, assisting with data entry and performing other administrative tasks. The 40 percent increase in volunteers from the previous fiscal year saved the Food Bank more than \$500,000 in wages and compensation. The Food Bank is fortunate and grateful for the volunteer support and generosity of these individuals, groups, organizations and the business community.

Marion Jones and Volt volunteer in the Food Bank's Product Recovery Room

## FOOD BANK PROGRAMS

The **Food for Kids Backpack Program** continues to be a tangible and effective way to fight childhood hunger. The program provides weekly sacks of food to elementary-aged children who would otherwise have little or no food to eat on weekends. In total, 112,888 sacks of food were distributed to children in need during the fiscal year.

In November 2010 the **Mobile Pantry Program** was designed to take donated food, including produce, bread and pantry boxes, to communities located 30 miles or more from the nearest Food Bank Partner Program. From the program's inception to the end of the fiscal year, the program distributed 508,271 pounds of food to 5,707 households.

Among the Food Bank's programs designed to raise the level of community awareness and involvement, 351 **Food and Fund Drives** raised 332,220 pounds of food and \$149,220. The **Resource Development Department** raised \$4,002,507 through fund drives, grants, special events and appeals. Of the more than \$4 million raised, a total of 5,361 individuals contributed \$1,278,541 during the fiscal year.

With its state-of-the-art kitchen facilities, the Food Bank's **Culinary Center** continued its goal to educate, prepare and distribute healthy and delicious meals. During the 2010-11 fiscal year, the Culinary Center produced 29,513 pounds of food, distributing 28,956 of prepared and frozen meals to our Partner Programs. With three full-time employees, the Culinary Center is a valuable resource providing healthy pre-made meals, while reducing food waste to a Food Bank low of five percent. During the year, the Culinary Center donated 8,444 pounds of compostable material to Global Gardens.

The Food Bank saw a 28 percent increase in **fresh produce** distributed to its 450 Partner Programs during the fiscal year. More than 2.4 million pounds of fresh produce were distributed during the fiscal year, nearly one million pounds coming from local sources within the Food Bank's service area. The remaining 1.5 million pounds came from the Feeding America's Choice System and national donors.

At the start of the fiscal year in July 2010, the **federal government's Stimulus Program** resulted in all 24 counties in the Food Bank's service area receiving much-needed pantry boxes and household items. During the three month time frame from July through September of 2010, the Food Bank worked with DHS offices to distribute a total of 337,964 pounds of household items and 1,916,442 pounds of food. In addition, the Food Bank organized a direct distribution at our facility on August 21 where 207,933 pounds of food and 36,476 of household items were distributed to qualified individuals.

## FOOD BANK FUTURE

For only the third time in the past 31 years, the Food Bank will be welcoming a new executive director. After 21 years at the helm of the Food Bank, Sara Waggoner will be stepping down midway through the 2012 fiscal year. During her tenure, profound and significant changes were realized, including the opening of the 78,000 square-foot Donald W. Reynolds Distribution Center in June 2006.

As the new executive director, Eileen Bradshaw, brings more than 25 years of experience to the Food Bank, most recently serving five years as executive director of Emergency Infant Services, one of the Food Bank's Partner Programs.

## Vision

*Food security, with dignity, for all Eastern Oklahomans.*

## Mission

*Feed the hungry of Eastern Oklahoma through  
a network of Partner Programs and engage  
our communities in ending hunger.*
